

# THE T-N-T CONFERENCE

**Today, Not Tomorrow!**

**BEN GLENN**  
**THE CHALKGUY**

Date:

**January 21<sup>st</sup>, 2021**  
**Starting @ 4pm**

Ben Glenn has been speaking professionally since 1995. With over two decades of experience, his charisma and energy have allowed him to gain the confidence and understanding that is essential to connecting with an audience. Ben struggled with Attention Deficit Disorder (ADD) throughout his formative years, ultimately finding it impossible to stay interested in school and leaving following his junior year in college. Although his ADD caused him to struggle academically, rather than let it hold him back, he chose to be inspired by his condition. Whether speaking in front of 70,000 people, or to twenty NFL players in a small hotel meeting room, Ben's message and live art demonstrations hit a home run every time.

Make use of video conference software to connect with your fellow chapter members anywhere in the world, then enter a virtual world! Explore virtual locations to find puzzles that will present themselves on your computer screen. Each virtual Escape Room comes with a variety of puzzles and unique challenges that will compel you to work together. Communicate with your team to piece together each distinctive challenge. You will be provided with an escape room guide who will be accessible through the conference call. Your chapter has 60 minutes to complete the virtual escape room.
