

THE T-N-T CONFERENCE

Today, Not Tomorrow!

The TNT Conference is a one-day leadership development event designed for FFA members to learn to work together virtually and develop their individual leadership skills. During these challenging times it is easier to think about the future right now instead of the present but to be prepared for the future there are things we need to do now! Join us from the comfort of your classrooms or from your own home as we are inspired by “The Chalkguy”, interact with our state officers and work as a team to escape the mystery room. Participants will rotate through the Keynote Speaker (The Chalkguy), Escape Room and State Officer Q&A. Each of the 3 components of the conference will be about an hour in length, for a total of 3 hours per chapter.

Conference Details:

Dates:

-Registration end date: 1/7/21

-Date of event: 1/21/21 at 4pm*

(*Depending on your chapters individualized schedule that will be provided)

Schedule:

*The conference will begin at 4pm. However, each chapter will have its own schedule to follow. Each chapter will be provided with a schedule and it will be important that you stick to your schedule. The escape room can only provide their services to a certain number of chapters at a time. After all chapter have registered, we will provide your chapter with an exact end time and a schedule. The total length of each chapter’s experience will be approximately 3 hours.

Limited Participation:

Due to the capacity limits of the escape room the following participation limits have been set:

-The first 60 chapters to register will be able to participate

-Each chapter will need a minimum of 2 students and a maximum of 8 students (if more than one person can be on a device, we may be able to go a little higher than 8 students per chapter but that will be on a case-by-case basis. Siblings would be an example of how we might be able to have two students on the same device)

-Advisors are required to join if you have students under the age of 16 participating in the escape room. Advisors do not count towards the 8 participants.

Registration Fee:

-There is a \$5 registration fee per person

-Once registration is closed, we will email your chapter an invoice or your chapter can pay through Paypal which will be available on the website.

Registering Your Chapter:

This event is designed to have chapter members participate together. You will need to register a minimum of 2 students in order to participate.

For this event, the advisor should be registering their students. Students should not be registering themselves. The registration has been built for advisors, not students. We will only be communicating with advisors for this conference. It will be the advisor's responsibility to share the event information with their students. **If you have students under the age of 16 participating, the advisors must attend the escape room portion of the event.**

Conference Platforms:

Shortly after registration closes your chapter will receive the information for each of the activities held during the conference.

-Mystery Escape Room: Will provide a link for your chapter to begin the escape room.

-What you need to play:

- Laptop, Desktop, or Chromebooks with Webcam and Microphone Capabilities
- Access to the Internet

-“The Chalkguy”:

-YouTube link will be provided for the recorded presentation

-Zoom link will be provided for the live portion of his presentation

-State Officer Q&A/Activities:

-Live Zoom link will be provided
