

The Scoop on Two

A Word From Your District President

Wow! It has been a busy month in the FFA world with National Convention. I hope that everyone that attended has recovered.

Well the months to come are just as busy. Many people should be working on getting ready for this years Spring CDE's even though they don't start until March. In January there is a Made for Excellence Conference in Sacrcuse. February is our Winter Weekend at Camp O and National FFA Week. In March we have District CDE competitions and Sub-State CDE competitions. In April we will have Ag Literacy Day and the Farm Bureau's Governmental Awareness workshop. May brings us to the End of the FFA year which means State convention which will be at SUNY Canton this year.

I hope that the rest of this year goes just as well as the first part. I hope to see everyone at the up-coming activities. Try to keep warm as the tempreatuere drops. I know that I will.

Important Dates

Attention

~ If you need to contact me concerning our District or your chapter you can e-mail me at

~ If you could send me a list of your chapter officers and their e-mail

addresses that would be great. This would help improve the level of communication in our district.

~ In each newsletter I would like to have a section that featured a different chapter each month. So if you could please send me information on activities you are doing or that you are working on doing that would be great. Thanks.
