

District Three News Letter

Hello District Three,

Wow has it been crazy! From the holidays right into competitions I did not even notice the disappearance of snow. The last couple of months have been filled with activities that have taken us all over the state.

In late January many members participated in the Made for Excellence Conference in Syracuse, NY. Here members participated in the National FFA workshop and tried out their vocal talents during FFA Idol. Who knew that Mr. Wheeler (Granville FFA Advisor) could sing so well?

Then the snow messed with our plans for District CDE's, but we were finally able to meet on March 8th for competitions. If you know any of the judges that helped us please thank them again for their support. Without them we would not have been able to have a competition at all.

It was not too soon after District Competition that we found ourselves once again in competition mode. Sub States at South Lewis proved to be another success for District Three! I have included the results of both competitions in this newsletter.

Speaking of State Convention, it is that time of year again to be finalizing your convention agenda. There are lots of things going on so be prepared for a fun filled annual meeting.

Hope to see everyone at State Convention and again great job at the winter Career Development Events.

Sincerely,
Rebecca Greene
District Three President

Pictures from Made for Excellence

Hartford trying out their vocal talents

Who knew the boys at Granville could sing?

The state officer's in their finest attire. We look good...right?
