

## Photo & Web Site Permission Form

The New York Association of FFA newsletters and web site are becoming one of the primary modes of communication for our students, instructors and others. We believe that stories and information about people and events around the state will improve our site. On the other hand, we understand the global nature of the written and Internet forms of communication and concerns people have for privacy. In order for us to alleviate any potential misunderstandings, we require that this form be filled out, signed and submitted to our office by any individual to whom reference is made or whose picture may be posted. At no time will personal addresses or phone numbers be posted on the site or distributed in any other manner. If the student is a minor, a guardian signature is also required.

The New York Agriculture Education Outreach program is authorized to publish the following in their promotional material and/or on the web site (check all to which you agree)
