

### Hotel Information:

Chapters can call and reserve rooms in the following hotels. All hotels offer a breakfast option included in the room price. Downtown hotels will include an option for a shuttle to and from the OnCenter. All lodging questions should be directed to the individual hotels.

To reserve rooms, schools will call the hotel of their choice directly and request to reserve \_\_\_\_ number of rooms for their group of students. Schools will pay the hotel directly for their block of rooms and will need to provide rooming lists to the hotel by the date set by the hotel. When reserving rooms, please let the hotel know if you need bus parking, as some have limited space and will need to reserve spots.

**Please note that we have a group rate with these hotels. Please, ask about the rate you are receiving to assure you are getting the FFA group rate. \*\*The rates listed below do NOT include tax\*\***
